

Your community partners in delivering client-centered homecare services!

Corporate Social Responsibility (CSR)

APremium Healthcare's CSR Initiatives will ensure Corporate Social Performance (CSP), interacting with employees, clients, suppliers, and stakeholders.

APremium Healthcare has implemented cost and risk reduction programs that seek to assist the agency in gaining competitive advantage, develop corporate reputation and legitimacy, and seek win-win outcomes through synergistic value creation with every group connected to the agency.

Stakeholders/Community:

- Collaborate with vocational schools and colleges to give students looking for their first work experience an opportunity to learn.
- Community service hours through free blood pressure monitoring, information, and education.
- Routine financial contribution to charity organizations based on employee choices.
- Community enrichment through caregiver training.

Clients and Employees:

- APremium Healthcare engages in environmentally sound operational process and practices. Actively transitioning to going green through the utilization of electronic faxing and electronic health record (EHR) with employee, client, and physician portals in order to engage and motivate employees, clients, and physicians in reducing environmental impact in the service delivery process.
- The agency is an Equal Opportunity Employer, enhancing long-term shareholder value by reducing employment risk and cost.

Suppliers:

- Online order placements for medical and office supplies.
- Bulk order to reduce delivery waste (cost, emission and gas), which ultimately ensures internal order cost containment through quantity price discounts.
